PROFILE

PERDIM 2024

INTRODUCTION

Greetings

Perdim is the Organization of Malaysian Muslim Doctors and its establishment is very important as it marks a page in history whereby for the first time, Muslim doctors in Malaysia are unified under

one roof for the collective well-being and for the benefit of the nation's ummah. The core value is based on directions and goals that are in harmonies with the Islamic core values in which the syahadah (testimony) and iman (faith) form the backbone of our labours and direct our every step. Let us be united and steadfast in His mercy.

We are thankful for the establishment of Perdim because with Perdim, we are united and by being united, we will be strong, our interests will be protected, our voices will roar and will be heard. Let us march together to a more brilliant future with Islam as a guiding light. And let us be united in thought and purpose under Perdim, in strengthening the unity of the ummah with love and affection.

Perdim is a proactive organization and will continue to actively engage in this enhancement process and reject any changes in the system that is not necessarily good for the country as a whole and the Malaysian public in particular. In fact, it has been proven that other countries are now aspiring to emulate our system. Perdim wants to perpetuate this "affordable" and "reachable" health system because this is the meaning of wellness. This wellness must be maintained for the ummah, the people and the nation in particular.

INTRODUCTION

Currently, Perdim has reached a considerably good position whereby Perdim is not only the driver but also leads in related discussions at the national level. We are also proud to announce that Perdim has been successful in bringing together other doctors' unions to both engage and unite with us in the struggle. Other unions have been able to sense the aura of the Perdim. And this is very important.

This aura causes the others to follow-suit and join together. They can recognize a genuine and sincere struggle that is devoid of personal interest. Perdim is also currently playing an active role as well as being a catalyst and mobilizer to cooperate with the various bodies and unions of doctors in Malaysia and abroad in professional medical knowledge programs as well as in the resolution of various health problems through an Islamic perspective.

Perdim also serves as a liaising body to all Islamic professional entrepreneurs over the various fields in this country and throughout the world. In short, Perdim advocates the unification of the universal ummah regardless of geographical borders. The Malaysian Islamic doctors have initiated a step. The first step is very important in every struggle. May God be with us in the Perdim. Perdim is the driver for the wellness of the ummah.

PERDIM GOALS

VISION

To enhance the implementation of "Healthcare system is still made affordable to all Malaysians" in the private clinics

MISSION

To improve and enhance the system of private clinics in terms of professionalism and services rendered.

The Goals of Establishment of Pertubuhan Doktor-doktor Islam Malaysia (PERDIM)

- Unite Malaysian Muslim doctors in one place for the well-being of the ummah
- Maintain the welfare of members and medical professionals and practices
- Be a liaison to all Islamic professional entrepreneurs from all over the world in this country and throughout the world towards the unification of the ummah
- Become a catalyst and facilitator for cooperation with various organizations and associations of accredited doctors in Malaysia and abroad in programs related to the medical profession and committed towards finding the solutions for various health problems according to the Islamic perspective.

THE MEANING OF PERDIM LOGO

1. The Flower Petals

the petals are the symbol of unification of the ummah. Flowers that seem to be blooming symbolizes something that is blooming and progressive. The blue color in the flower petals symbolizes unity and solidity while green is symbolic of the Islamic theme. In summary, it symbolizes the unity and cohesion of Muslims.

2. Circle in The Middle.

The circle is symbolic of the spherical or rounded shape of the earth. Circles are chosen to symbolize universal or universal unity in a borderless world.

3. PERDIM

The acronym for the Organization of Malaysian Muslim Doctors.

4. Stethoscope

A symbol representing members in the association and also the founder of the association itself.

5. Heart Shape

Symbolizing the affection of fellow experts and human beings. Compassion in its universal form with no geographical and cultural nor ethnic boundaries.

6. The Syhadah

The core and spirit of the souls of all Muslims because when one wants to believe in Allah and the apostle, the first thing to say is the words of syhadah. In summary, all Muslims need to support and uphold the syhadah in everyday life. As such, it is chosen to be placed in the banner, because the nature of the flag is usually held upright.
